Court Releases Final Results In Spring Government Voting

Final results from the all-time record balloting Thursday and Friday were released yesterday for five more student government offices and showed clear-cut victories for all election winners.

A total of 2791 ballots were cast in the spirited election which landed Don Hubbard, student body president, and Ann Dutton, Associated Women's Student leader, in top campus positions.

Stan Croonquist, Student Court Chief Justice, said last night, "I am very satisfied with the vote, I feel sure that if the Music Festival and the second day of balloting hadn't fallen together, the turnout would have been even better."

Previous record of balloting in SJS elections was made last spring when 2200 students x'd the ballots.

Final results tabulated by voters early Saturday morning were:

Recording Secretary: Brown, 514; Sherry, 456; Brooks, 430.

Treasurer: Morley, 1600; Faletti, 687.

Female Representative-at-Large: Von Tillow, 691; Umland, 499.

Male Senior Justice: Arreola, 829; Bucaria, 706; Bryan, 664.

Female Senior Justice: Gehr, 2078.

These were final results tabulated from the three polls. Student Court members now will evaluate voting at each of the polling places to determine the effectiveness of the three-polling place method, which was inaugurated this year.

Williams To Present Speech On 'Color, The No. 1 Question'

"Color, the No. 1 Question," will be the topic of an address by Franklin H. Williams, West Coast representative of the National Assn. for the Advancement of Colored People, at 9:30 a.m. tomorrow in the Concert Hall of the Music Building.

Williams believes there are two approaches to racial problems: one—the international approach; two—that it is unreasonable to assume that all race problems are south of the Mason-Dixon Line, according to Dr. Graham C. Wilson, secretary of the College Lecture Committee.

"Since the announcement of Williams' appearance here, a number of faculty members have stopped me on campus, and without excep-

tion, they have praised Williams for his program and his eloquence. We are certainly in for a stimulating hour of speech and discussion," Dr. Wilson said.

In his work with the NAACP, Williams has rejected the counsel, association, or assistance of Communists and other hucksters of totalitarianism whose real aim is that of undermining the democratic way of life.

On Thursday at 1:30 p.m., Dr. William Hermanns, assistant professor of modern language, will tell of his friendship with the late Dr. Albert Einstein from the time they first met in pre-World War II Germany during the rise to power of Adolph Hitler.

Dr. Hermanns will be introduced by Dr. John T. Wahlquist, president of SJS, in the old Little Theater.

Public Relations Group Anticipates 'Cleaning' Campus

Methods of getting news for the Sunday newspaper column, "Strictly Sparta," will be discussed at today's Public Relations Committee meeting at 3:30 p.m. in Room 25.

Very little news from campus organizations, including fraternities and sororities, has been turned into the Public Relations Office for the Mercury-News column and unless the problem is solved, the column may have to be disbanded.

Fifteen posters will be put up on campus and in the downtown area today as the P.R. committee "litter-bug" campaign begins in earnest. Benches and trash bins, built by Alpha Phi Omega, will be installed on the drill field this week.

Sign-ups also will be held for persons to put up the week's events on a bulletin board in the Administration Building main hall.

1955-56 Bulletins

The 1955-56 college bulletins are now available in the Registrar's and Admission's Offices. Students may receive their copies by filling out cards.

June Grads Urged To Fill Out Cards

Cards for June graduates to fill in their names and hometowns to be included in the Senior Booklet must be completed this week, according to Pat Waddell, Senior Booklet chairman. Blank cards will be in the Information Office until Friday.

Over half the graduating class has not filled out the cards yet, she said.

Miss Waddell urged those who have not filled out cards to do so as soon as possible so their names will be included in the booklet list of graduates.

Ryan, Behr Resign Class Positions: Juniors Sell Snow Cones to Pay Debt

Don Ryan, Freshman Class president, announced his resignation yesterday in the Freshman Class meeting, because, he said, "I was elected Sophomore Representative to the Student Council, and the constitution does not allow anyone to hold two major ASE offices at the same time." Didi Smith, vice-president, will assume the office.

Ryan announced the times for the Frosh-Soph Mixer, June 3 at Adobe Creek Lodge. The grounds will open at 2:30 p.m. and close about 8 p.m.

CONTERNO RESIGNS

Larry Conterno, past vice president of the Sophomore Class, took over the presidency of the class yesterday after the resignation of Al Behr. Behr was recently elected to Student Council as Male Representative at Large.

Joe Clark was elected new vice president of the class.

It was announced by Conterno that the Sophomore Class has made arrangements with the Student Y to have a joint seminar on the cheating poll.

A jazz concert to be held tentatively next fall to raise funds for next year's junior prom was also discussed.

Big Four Meeting Seen Between Ike, Faure, Eden and Bulganin

PARIS, May 9 (UP)—Secretary of State John Foster Dulles has agreed "in principle" to a meeting of the Big Four heads of government and has recommended this course to President Eisenhower, an American source said today.

An answer was expected within 24 hours.

The sources said that other ATO ministers supported the idea of holding the Big Four conference at the highest level, with Mr. Eisenhower, Soviet Premier Nikolai Bulganin, British Prime Minister Sir Anthony Eden and French Premier Edgar Faure meeting face to face to outline major policy.

GERMANY ENTERS

PARIS, May 9 (UP)—Germany entered the North Atlantic Treaty Organization today in a historic and moving ceremony that established the West in a position of strength to negotiate with Russia on the easing of the Cold War.

SJS Becomes Center For TV Experimenting

The go-ahead signal for closed-circuit TV at SJS was given Friday as the Department of Finance and Education approved and sent it to the Bureau of Purchasing, according to Dr. Richard Lewis, chairman of the College Radio and Television Committee.

"This means we should be ready for operation by fall semester," Dr. Lewis said.

Under the plan, SJS will be

an experimental center for closed-circuit TV in the field of college education. Purpose of the project is to discover how TV can be an aid in teaching.

Working with two complete camera chains, which include cameras, monitors and mixers, the school will be able to televise the work being done in one room into another. An important area for experimentation will be in the field of teacher training. With the circuit, it will be possible for student teachers in one room or building to observe children in play or classroom condition without distributing them, Dr. Lewis said.

A committee of state college representatives, working under the sponsorship of the State Department of Education, is directing the study of closed-circuit TV in state colleges.

Budget Seeks Final Approval

A \$335,000 hike to the SJS budget took another step toward final approval Friday when the Assembly Ways and Means Committee passed it.

If the budget gets the approval of the full Assembly and Senate, SJS's enrollment in fall will be set at 8510 full time equivalent students with a total operational budget of \$4,467,613.

The Assembly will begin debate on the budget at 10 o'clock this morning.

The \$335,000 added to the budget would cover instruction, maintenance and other costs incurred by the additional 1100 students over the 7400 FTE provided for in the original budget submitted to the legislature in January by Gov. Goodwin J. Knight.

His original budget request has been cut \$597,600 by various slashes of the Assembly Ways and Means Committee and the Senate Finance Committee.

G.E. Lists Made

Editing of the lists of recommended courses to fulfill G.E. requirements began at last Friday's meeting of the General Education Committee in Room 20, according to Dr. Fred Harclerod, chairman.

When the editing is finished, the lists will be made available to advisers to aid students in selecting proper courses, Dr. Harclerod said.

Weather-Bright

"The 'Book' says that something grave will happen to me today," the mystified sand flea spoke angrily.

"Well, it has already happened, just because the weather man said there would be warm weather over the weekend, I went out and caught cold. Sore throat, too."

"The weather looks bright for today," a sympathetic silly seal said. "When the high fog clears there will be temperatures from 68 to 76 degrees with light northwest winds."

New Prexy Thanks Voting Students

I would like to thank the many students who got out and participated in the last election and helped to make it the biggest and one of the best we ever had here at SJS. If the spirit and enthusiasm generated last week can only be carried over to next fall, I'm sure we can look forward to a really outstanding year.

I sincerely hope that I can fulfill the confidence and trust placed in me by the student body, and that I will be able to perform the duties of my office to your full benefit.

Don Hubbard,
ASB President

Frogs in the News

Dear Thrust and Parry:

(An open letter to the members of Alpha Phi Omega and Sigma Chi. Subject: Frogs.)
Gentlemen:

The members of Sigma Pi would like to take this opportunity to assure you that your organizations do not have a corner on the frog market. No, far from it. We of Sigma Pi feel that the noises emitting from both of your camps have been nothing but hot air. Indeed, there is some doubt that you know the fore end from the aft end of one of those most noble of quadruped creatures.

Socrates the Greek and Raspu-

tin the Mad Russian (an exiled White Russian Frog who defended his cause to the last) will put in their appearances Sunday May 22, at 10 a.m. Will they have competition? Noting thus far the puny efforts of our opposition, I think not.

Most respectfully, I remain
Yours,

Chuck Bucaria, Sigma Pi
ASB 7193.

the junior class of student nurses from the San Jose Hospital, according to Lynn Harris, publicity chairman.

Eight members of the class will model the latest fashions in formal, casual and sports wear. Entertainment for the event will be provided by Melb Bingham and Wilma Read in a vocal duet, and a vocal solo by Carol Becker, who will be accompanied by Beth Ledbetter and Shirley Carlson.

See Registrar On Unit Rule

All students affected by the abolition of the "89 unit rule" who have not been notified of an unit adjustment, should come to the Registrar's Office immediately, according to Leslie W. Ross, Registrar.

From the time the 89 quarter limit was levied to the time the overall "C" average was attained a student received credit for each quarter undertaken only if he earned a 1.5 average.

Vets Explode, Grab 'Mural League Lead

The Veterans Club established itself as the powerhouse of the American Association, and Phi Sigma Kappa took over undisputed possession of first place in the American League yesterday in intramural softball play.

The Vets put together a 24-hit attack to shove Alpha Phi Omega out of a tie for first place with a landslide 27-2 win. Phi Sigma Kappa defeated Alpha Tau Omega, 7-4, for its victory.

Lambda Chi Alpha sent 15 men to the plate in an 11-run third inning to wallop winless Theta Xi, 14-2, in an American League game. The AFROTIC squeezed past the Ninth Streeters, 8-6, for its first win of the season in American Association action.

Today the Spartan Oriocci meet the Whitefeet at 5:15 p.m. on the west diamond, and the Grunion Grabbers play the Cagy Cagers at 5:15 p.m. on the east diamond in International League games.

Dum-Da-Dum Dum; Sheriff Seeks Players

The sheriff has rounded up a posse and is combing the San Jose area for some ball players. The keys out at Santa Clara Branch Jail Farm No. 1 need some exercise, and playing softball is as good a way of getting some as any.

Here's a chance for fraternity or independent teams to get a little extra practice. Here's a chance for all those teams who've been complaining that the intramural season is too short to get a couple more games under their belts. Here's a chance for anyone who likes to play softball to get up a team.
